# Storytime Gardening

A summer school  
program at Peace  
Nursery Center

A 2-week, 4-day class  
June 20, 22, 27, & 29

## About the Program:

This class will help children "grow" to love the outdoors and gardening with hands-on experience tending the school's vegetable and flower gardens. We will also incorporate children's love of literature with stories and projects that connect with gardening. Each day will begin in the classroom with nature-based stories, activities and projects. Then we'll head outside where we'll plant, weed, water, observe and appreciate what's growing in the gardens outside school.

**Who?** This class is open to children ages 3-6. It will be taught by Mrs. Reilly and Mrs. Moser. The child must be 3 years old by January 1, 2016.
